“TO HIM THAT OVERCOMES”

To him that overcomes will I grant to sit with me in my throne, even as I also overcame, and sat down with my Father in his throne. He that has an ear, let him hear what the Spirit says unto the churches (Revelation 3:21-22).

We have entered into the times described in the Bible as the *birth pangs* that will lead us into the glorious appearing of our Lord and Savior Jesus Christ. The Lord said that when these things would begin to take place, to look up because our redemption is drawing close.

The signs are everywhere now. If anyone does not see them by now, they are either in denial or blind. Even the unbelieving agnostics are beginning to notice and realize that something is just not right. *And there shall be signs in the sun, and in the moon, and in the stars; and upon the earth distress of nations, with perplexity; the sea and the waves roaring; Men's hearts failing them for fear, and for looking toward those things which are coming on the earth: for the powers of heaven shall be shaken (Luke 21:25-26).*

Several years ago God gave me a vision in the night of a beautiful fat cow that turned into a skeletal cow right before my very eyes. I knew that represented that the times of plenty and abundance in this nation and the world in general were coming to an end and being replaced by times of famine and shortage of food. Nobody believed me then, but we are now quickly getting there. This vision and many others are posted in our website.

With the Midwest floods hitting the breadbasket region of this nation; the earthquake in China and the hurricane in Myanmar (Burma) hitting the rice producing regions of Asia, along with increasing price of crude oil, *we are seeing the times of the skeletal cow now beginning to come upon the world.* More recently, the Lord gave me two more visions confirming what I just shared with you. All that is supposed to happen to bring this to a head has not happened yet, but will take place in the coming months.

In our Newsletter Issue 4, published in 2007 we warned the churches to begin to *get ready for the storm that is fast approaching on the horizon.* We offered suggestions and gave different websites that could help you to prepare. Some listened and started to do something about it, but unfortunately most did not. Most pastors today take prophetic warnings with a grain of salt, and you can hardly blame them. The quality of the apostolic and prophetic ministry we have

seen in the last several years has been pathetic. However the time is coming soon when presidents, kings and rulers will seek the counsel of real prophets of God. I have kept many of the experiences the Lord has given me in the past to myself, but *I can no longer keep quiet* as the Lord has released me to share some of them, and the times that we are in demand it.

There is a new religion coming upon the world soon; *a strong delusion, a lie so powerfully deceptive and seductive that it will deceive even Christians* that do not have a love of the truth (2 Thessalonians 2:11). I have been warning God's people about this for a while now. This is one of the best kept secrets in the kingdom of darkness, and it will be tied together to the mark of the beast and the New World Order. You may go to the audio files section in our website to hear more on this subject.

Recently as I was traveling to Ohio, I had a vision in the night which was very disturbing. In the vision I was watching the news on television when I saw a report coming in about *massive explosions that took place in several different cities in this nation.* I saw many people running wildly everywhere as this was taking place. I did not hear any names, but I clearly saw large buildings in rubble, smoke and many people dead and wounded. I could not tell if the explosions were nuclear, but they were huge. I am afraid this could take place in the very near future.

Recently, as I have been traveling ministering in many of the churches that I am connected with, *I sensed that spiritual battles in the lives of believers have gone up a notch to a new level.* The Lord gave a promise to each of the seven churches in Asia Minor who were able to overcome the trials, tribulations, afflictions and persecutions they were suffering, while finishing their race with their faith intact.

Many of the things that God's people are going through presently may be difficult, but many believers throughout the world have experienced similar things and worse for two millennia. *It behooves us to pay attention to the lessons that were left for us by the patriarchs of our faith.* We can draw from their steadfastness and strength in times of trouble, turmoil and difficulties.

We must learn to trust the Lord like they did, through years of walking with Him and being His friend. I have a gut feeling that things are about to get even more difficult, but I also know my God: *He is the Rock of my Salvation, a close dear friend in times of trouble.*

Ministry Report

I hearkened and heard, but they spoke not aright: no man repented of his wickedness saying, what have I done? Every one turned to his course, as the horse rushes into the battle. Yea, the stork in the heaven knows her appointed times; and the turtle and the crane and the swallow observe the time of their coming; but my people know not the judgment of the Lord. Jeremiah 8:6-7

What wisdom is contained in the word of living God. It never grows old in its content, and its prophecies read like today's paper. I love to read the word of God because it is life unto my bones. It is not just a book, it is a living book. The words written inside the Bible are so full of knowledge and wisdom. **Blessed is the man who finds it and does what it says, for he shall walk the path of righteousness.**

As I sit down to write this report, we are just a couple of days away from the Fourth of July weekend. However, **somehow it does not feel like in times past.** The people are not as enthusiastic or as optimistic. Can't say I blame them with the oil and food prices spiraling out of control. No one in government seems to care or able to do anything about it, as the oil speculators keep getting richer by raising oil prices seemingly at will.

At the same time, the weather continues to be chaotic, as weather people can no longer make any predictions with certainty. It can be burning hot in one part of the country, while in another it is cold with snow falling. Another region may be suffering from severe drought while not far away there may be massive flooding taking place in several states. All of this while tornadoes and earthquakes 4.0 and above are happening in droves in all parts of the nation and in the world. **These sure are very telling signs.**

We were quite busy in the spring doing ministry. In April we went to be with Pastor Jackson in Albany, Georgia where we held our third Intercessory Prayer training session in that house for the leaders during the weekend, and on Sunday we had a great service where the presence of God was very real and many people were touched by the finger of God. **There is some Church growth with several new families.**

The following weekend we were in service with our friends in Mayo Lighthouse, where I shared a word and then ministered to the people for a couple of hours. There is **a new fresh anointing flowing** in that house since the last time we were there. Later that month we traveled to Ohio to be with our dear friend Pastor Michael Berner. We ministered there in the Sunday morning service, and **had a wonderful flow of the Spirit.** We enjoyed some good times of fellowship with him and his whole family.

Afterward, we traveled to Lancaster to be with our good old friends Pastors Paul and Paula Bishop. We had two good services on Wednesday and Thursday nights. On Wednesday night **there was a strong anointing that came on the intercessors,** and then on Thursday we taught the people on intercessory prayer. They are experiencing good growth, as God is bringing people from all over.

Next we drove back to Cincinnati to be with our dear friend Pastor Billy Price. Saturday morning we went to Price Hill to do an outreach, and many people came out to eat hot dogs, get a drink and find some second hand clothing. Several people prayed the sinner's prayer to receive salvation.

On Sunday morning we had a great service, where the Lord moved in a tremendous way. Many people received healing, deliverance and salvation. **There was an outpouring of the Holy Ghost, where many people were filled and drunk with the Holy Spirit.** There were many prophetic words given to people, and to the church in general. A prophetic anointing came on Pastor Billy Price at the end, as he ministered in music as a psalmist.

On Monday night we had the second seminar in that house on Intercessory Prayer and we had great turnout. During the time of impartation **the spirit of intercession came on the young people there, and they started to travail in the spirit.** On Tuesday night we had the Harp and Bowl Prayer service and it was really neat. Even the children were participating, and the scriptures they shared were pretty good too. Finally on Wednesday night we ministered a deep word from the Lord to the house, and many were strengthened in their faith, comforted and encouraged. It was all good.

In the month of May we flew to Granby, CT to be with our very dear friends the Royals. On that Friday night we spend the whole night ministering and training the intercessory prayer group. This was our second session with the group and they are growing into it. On Saturday, we took the whole morning and part of the afternoon to minister to the leadership. There was much teaching and impartation.

On Sunday morning **we had a great move of the Spirit in the house, as many were healed, set free and filled with God's presence.** Much ministry took place during altar service time as there were many sickly among the people. We also took time to minister individually to each of the leaders that were there. The church is experiencing healthy growth, numerically and spiritually. Pastors Al and Christine Royal are doing a wonderful job.

Well my friends keep me in your prayers in the coming days and may God bless you. Shalom!
