“BEHOLD, THE DAY OF THE LORD”

B ut of the times and the seasons, brethren, you have no need that I write unto you. For you yourselves know perfectly that the day of the Lord so comes as a thief in the night. For when they shall say, *Peace and safety*; then sudden destruction comes upon them, as travail upon a woman with child; and they shall not escape. But you, brethren, are not in darkness, that that day should overtake you as a thief. You are all the children of light, and the children of the day: we are not of the night, nor of darkness.

1 Thessalonians 5:1-5

As many of us expected, the New Year 2009 has hit the ground running. It seems as if everything has been put on fast forward. The signs of the approaching Day of the Lord are now beginning to appear in the world at such a quickening breakneck pace that it is not possible to keep up with all that is taking place. Bizarre weather continues to make headlines; the Yellowstone caldera has been having a tremendous amount of earthquakes (almost 300 in a week), and *the world is no longer inching towards a one world government; it is now running towards it*. The elite and the rich men of this world are hell bent on bringing us quickly into and under the oppressive control of the New World Order.

As the times are getting darker and harder, the sleeping Church remains complacent, completely unaware of the trouble that now stands before them. My heart is greatly burdened. The majority of the Church simply refuses to open their eyes and see; their lack of interest and concern is truly appalling. It is very difficult to help people who *“think”* that they are already awake and can see clearly. Spiritual blindness has affected the ability of the people to see their own sins before God and the sins of America. If the people of God do not wake up and open their eyes soon, we will lose our beloved country as it sinks under the weight of its own sins.

If we rent our hearts in contrition, and humbly seek His Holy presence, then we will be able to once again see clearly and be a part of the solution, not the problem. We cannot stop what is coming, but we can impede its progress. We can repent for our own sins and the corporate sins of America, and we can exercise our authority in Christ Jesus by pulling down strongholds and principalities through intercessory warfare. The Lord showed me that this is the only way that America is going to experience revival before the final curtain drops. *That is the main reason that we felt led to write our latest book “Open Heavens” available in our website.*

It is time to come into alignment with God's perfect will and destiny for our lives. There will not be many more warnings in the future if we ignore the one that the Lord is giving us in the present. *The day is coming soon*

when a newsletter such as this one will be illegal in this nation, and we may have to pay a price for living for Jesus Christ through either imprisonment, or even martyrdom. The international bankers, globalists and proponents of the new One World Government are working hard towards the meltdown of international economies, so that they may usher in a new global economy and establish their New World Order. These things have been planned for many years; and now we are about to see it become reality.

We are the children of light, not of darkness that the Day of the Lord should overtake us as a thief in the night. *It is true that no one will know the day or the hour, but those who are walking close to the Lord will know the times and seasons.* The Day of the Lord is a day of wrath, judgment and great destruction upon the Earth. The Lord never pours out His wrath without first warning mankind, because He wants all men to repent and be saved. God used His servants to warn all mankind before the flood, Sodom and Gomorrah and Ninevah giving them an opportunity to repent and turn away from evil before destruction came.

The Lord has begun to give us a clear revelation about things that in times past were obscure or unclear. Based on what I have seen, time is running out. I have noticed that there seems to be a type of paralysis on most believers in the church. It is almost as if they are not able to discern between fantasy and reality, truth and fiction. There is a lack of spiritual discernment which comes from a sinful, worldly lifestyle, and the lack of a true deep prayer relationship with the Lord. However, there is good news.

The Lord is raising up a Warring Bride; an Elijah Generation; a select group of remnant believers who will go forth in humility, authority and power proclaiming that the kingdom of God is at hand. These golden vessels have been prepared and trained in secret for years in the Master's Wilderness Training Center. They are those who have lost their lives, so they could find the true riches of Christ. These are those who follow the Lamb wherever He goes. You will recognize them by their fruits and by the cloak of humility and authority that rests upon their lives.

These vessels will start appearing all over the earth now for they have been summoned from their hiding places by the King of Kings, and Lord of Lords. They will strike fear in the heart of the enemy, and will bring about realignment in the Church the likes of which we have not seen since the days of Martin Luther. A great harvest of souls will be ushered into the Kingdom of God as a result of the powerful signs and wonders that follow the message of these chosen vessels. These will not only be healing miracles, but they will be supernatural miracles of nature that will astound even the skeptics. These things are upon us my friends. Shalom.

Ministry Report

And it shall come to pass in the last days, says God, I will pour out of my Spirit upon all flesh: and your sons and your daughters shall prophesy, and your young men shall see visions, and your old men shall dream dreams: And on my servants and on my handmaidens I will pour out in those days of my Spirit: and they shall prophesy: And I will show wonders in heaven above, and signs in the earth beneath; blood, and fire, and vapor of smoke: The sun shall be turned into darkness, and the moon into blood, before that great and notable day of the Lord comes. Acts 2:17-21

As I am writing this report, we are entering a new year 2009. What a great time to be alive; what a great honor and privilege to be able to see the things which are about to take place on the earth. ***We are living in the most exciting times of the Christian era, and possibly one of the most dangerous times for the human race.*** We are about to see things that many apostles and prophets of old prophesied about, but never saw.

Revelation is never given all at once to only one person. Instead, it comes gradually and only in bits and pieces. We are humbled and honored that the Lord has seen fit to reveal many things to us concerning the end of times. The scriptures are being opened up to us, and we are receiving understanding concerning things to come in a way that is becoming clearer and clearer as the coming of the Lord draws nearer.

The apostle Peter stood up under the anointing of the Holy Ghost and quoted the above passage from the book of Joel 2:28-32. ***The outpouring on the day of Pentecost was only a partial fulfillment of that prophecy; the best is yet to come.*** In the natural, the former rains are needed to mellow the earth and prepare it to receive the precious seed, while the latter rains are the heavy rains that come at the end of the harvest season to bring to fruition the fruits planted or sown.

Spiritually speaking, on Pentecost the church experienced the former rains to prepare the hearts of the people to receive the precious seed of the gospel of Jesus Christ. ***The latter rains spoken of in Joel 2 however, are closely associated with the Day of the Lord. As a matter of fact, the Day of the Lord will come on the heels of this end time outpouring of the Holy Ghost.***

What I am trying to say is that this mighty outpouring of the power and the glory of God that will soon come upon us will usher in the final harvest of souls, and then quickly right behind it the dreadful Day of the Lord will come. The Lord has shown this end time harvest of souls not only to us, but to many servants of God in times past. ***I know that there are many negative preachers who believe that there will not be any end time revival; and there are many prophets who do not believe that we will experience the Judgments of God. They are wrong.***

The Lord is about ready to move on the earth as we have never seen before. The devil knows this, and is determined to hinder the great harvest of souls that will soon be upon us. He will attempt to do this by means of fierce persecution. The persecution of saints has always existed in other parts of the world, but not in America. This is about to change very soon as the forces of darkness are unleashed throughout the whole world for one final push to bring in the New World Order.

God's people need to understand that the time will come and is upon us when God will not forgive or bless the majority of the people based on the actions of only a few. America is in serious trouble, but it seems that no one wants to admit it, and even less are willing to do anything about it. People like to use the sovereignty of God doctrine to squash down their fears and shocking complacency by saying religious things like "God is in control". Although this is relatively true, many of the bad and terrible things that happen in this world are not God's will.

The Lord came to this planet to redeem a people who would be an

extension of Himself, and help to reconcile the world unto Himself. ***God is not going to preach the gospel to the lost, heal the sick or set them free. He is not going to feed the poor, clothe the naked and proclaim "the kingdom of God is at hand".*** That job belongs to us who are called by His name, washed in His blood, and filled with His Spirit.

Every ministry that is not in alignment with God's perfect will is going to be shaken to its very foundation in the very near future and will not survive the Great Shaking that has already started. You need not be afraid or concerned if are you living for the Lord Jesus Christ. He knows who are His servants, and will fight for you and protect you. However ***those that are going through the motions, playing religious games and building their own kingdoms will find themselves vulnerable to the things that are fast coming upon us.***

In December we were able to go to Houston, Texas to be with our dear friends the Peters. We spent the whole week there ministering to the precious people in word and spirit. On Wednesday night service ***as I was speaking on the subject of the Day of the Lord and the need to come into alignment to His will, a lightning bolt struck real close to the Church, and a loud thunder shook the building.*** Needless to say, 'lol' I had the attention of everyone in the house.

The power of God was very strong in all of the meetings as He confirmed His word with signs following. The Lord healed many people of various diseases and growths, but one specially sticks out in my mind. A woman was standing at the altar to receive healing for her little girl who had a hernia sticking out of her belly button. I asked the little girl if she believed that Jesus could heal her and would do so that night, to which she said yes without hesitation.

As I laid my hand on the hernia in her belly button and prayed to the Father to heal her, immediately I felt the bulging hernia go down under my hand. When I asked the mother to check and try to find the hernia, the woman looked shocked and said "It is not there". She quickly asked another woman standing beside her to check her as well, and she could not find the hernia either. We had just been a witness to the power of God. To God be the glory for His mercy endures forever.

The Lord has allowed us to be in two radio shows in the last few weeks, TruNews and Watchman Radio, in addition to the Byte Show which we have been doing for some time now. ***It appears the Lord is giving us divine connections in preparation for the things He has ordained for us to do in these end times.*** I encourage you to visit our website and listen to some of our audio files available there. The topics that I cover in those programs are not things I share in most churches because they are of a deep and sensitive nature.

We have had a great response to our new book Open Heavens. In many churches the Intercessory Prayer Groups have gotten it and are using many of its principles in their prayer meetings with much success. A large number of intercessors in various churches have also obtained our book on Signs and Wonders. They are using it to help them interpret the dreams and visions they receive from the Lord.

Also, several churches that are connected to us are using our book Foundational Principles for New Converts and Believers to disciple and train their new believers. I am deeply humbled and honored that of all the good resources and materials in the market, our book has been chosen. All of these materials, as well as our prophetic music CD's can be obtained through our website.

Your help will make it possible for us to continue to do the work the Lord has ordained us to do in this nation and overseas. Please keep us in your prayers as we endeavor to go to Cuba in the month of January. We need your prayer covering of protection. Thank you and Shalom.
