## "2006-THE YEAR OF THE DOUBLE PORTION"

When I was in Honduras earlier this year, the Lord gave me a prophetic word for the body of Christ concerning this year 2006:

*"This is a year when you need to intercede for this nation and for this president as never before".*

I believe the decisions facing the president and this nation in the next few weeks are crucial. There are angels right now, looking over cities that are about to experience a glorious visitation from the Lord, as well as those that are about to experience serious judgment. I have also had a vision of the president that has led me to believe that the president's life is in danger, and needs our prayer like never before.

*"This is going to be a year of double portion; for good but also for judgment."* There is going to be a double portion of darkness, as well as light; sorrow as well as gladness; blindness as well as revelation and judgment as well as glorious visitation from God. The Lord has given me several visions concerning this nation and the world in general that have led me to believe that this will be a year of major disasters, but also the beginning of a mighty outpouring of His Spirit. Many churches and ministries will be making major decisions this year, which will decide what direction they will go. This is a year when many ministries, churches, cities and nations are going to be defined based on what they do. Let's choose wisely because our decisions will affect us, as well as those around us.

*"This is going to be a year of double portion testing, because many are now about ready to*

*cross over their Jordan and receive their double portion blessing, and the enemy will resist mightily"* Disobedience or the refusal to loose our lives for Christ will forfeit that which our hearts desire. We are in a time where if you refuse to obey God, and forsake that which you know you should, will cause you to loose big time. If you look back, turn back or go back, you are going to take yourself out of the double portion blessing He is trying to pour on you, and bring you into the harms way that He is trying to pull you out of.

*"This is going to be a year of double portion warfare, and my people need to be trained and prepared on how to wage war in the spirit".* Because of the escalation of warfare between the kingdom of God and the kingdom of darkness, God's people will need to be trained like never before in the art of conducting intercessory prayer and spiritual warfare. There will be personal attacks and persecution on God's people from those you least expect, and fights and violence (wars) breaking out everywhere in the world for no apparent reason.

*"This is going to be a year of double portion because it is related to the coming of Elijah before the Day of the Lord".* Elijah has always been closely identified with the double portion. Starting this spring, we will *begin* to experience this as a *few scattered raindrops*; but this is only the beginning of the coming outpouring. May the Lord grant us the spirit of wisdom to receive His word.

# Ministry Report

**B** *Less the Lord all my soul, and all that is within me bless His holy name.* Here we are already into the year 2006. It seems like yesterday we were entering a new millennium. As we look back to 2005 we realize what a devastating and record breaking hurricane season we had. It was the first one ever where we had 27 named storms; the first with one with 15 hurricanes; the first with three category 5 hurricanes and the first with four major hurricanes hitting the U.S.

*The whole planet seems to be in convulsions.* There are presently 57 active volcanoes in the world at different stages of eruption; earthquakes happening almost daily; talk of tsunamis; scientists predicting that the avian flu will hit this country in six months and reaching pandemic proportions in the world; and of course the latest threat of a new war with Iran, which many fear could lead to a much nastier scenario. *This sure is beginning to look a lot to me like Mathew 24 and Luke 21.*

In the month of January we went on a mission trip to Honduras, and God did great things in the midst of the people there. MUNA ministries hosted us during our stay in Honduras. As we ministered in the services, the Lord moved mightily healing many and bringing deliverance to the oppressed. We were also able to minister to their young people in the school as well as the Rap Music Concert they put together. We were also invited to speak at their Bible School, where there were over thirty pastors and ministers present. After the class was over, to my surprise, I was interviewed by a crew from ENLACE (The Spanish version of TBN in Central America) that was present. That was a first for me.

On Sunday night we ministered in a large church in a city known for its heavy witchcraft. The pastor has been physically attacked many times, and was sick that evening. His wife shared a vision the Lord had given her concerning the service, saying God was going to do something awesome that night. As I ministered to the people there, several demonized people fell on the ground manifesting. Dozens were healed from diverse diseases, delivered and set free from the power of the devil. Incredible miracles

happened right before our eyes. *That night, we had an open heaven above us.* I don't think there is anything God would not have been able to do that night; it was so glorious. I have never seen anything like it in my whole life.

We also went to a public high school in San Pedro Sula and did some Rap Music for the 800 young people that were there. Afterwards, we shared the gospel with them and gave an altar call. At first, the enemy fought us by using a small group of trouble makers in their midst. I told our team to start doing intercessory prayer. After a while the trouble makers left, causing the young people to start coming down first one, then two, and then in large clusters. *Over one hundred young people received salvation that day.*

We returned from Honduras and ministered in Miami that Sunday in two churches, and in both places the Holy Spirit moved mightily. All the young people loved the Rap Music, and rejoiced in the presence of the Lord. In February we ministered in Albany, GA where God continues to do a mighty work. That same day we traveled to Columbus to minister in a church that was started by a dear friend of ours and mighty prophet of God. Great things did the Lord do in our midst too numerous to tell. Also that same month, we conducted a revival in Mayo, FL where the people have been praying for a move of God's Spirit. The presence of God was so strong during services that many didn't want to go home.

In March we went to Nokomis, FL to conduct a two day seminar on Intercessory Prayer and Prophetic Warfare, as well as minister on Sunday. God's presence was so strong during the service, that I could literally smell the presence of the Lord. People are really hungry in that house, and God is doing a special work there. Also in March we went to be with a dear friend in Branford, FL. We ministered in the power of the Holy Spirit in the morning, and at night we had a bilingual service.

Please continue to pray that my wife's broken foot heals speedily and for me as well, that God's will be done in my life. *Thank you my friends!*
