“THE DOUBLE PORTION OUTPOURING (PART I)

We are in the year of the double portion as we stated in our last newsletter, and *the spiritual rains are beginning to come down upon us*. We all love to watch the rains come down, especially when it is really hot and dry, and we are so thirsty we could almost drink a gallon of cold water. As those first drops of cool summer rain hit the ground, almost immediately you can begin to smell that unmistakable fragrance letting you know that the dry spell is momentarily over, as the dry ground drinks up the precious life-giving substance.

Recently, while I was sitting watching the rains come down, thoughts started coming to me about how natural rain is so much like spiritual rain in that it nourishes and refreshes not only the trees, grass and ground it falls on, but also changes the temperature, climate and the atmosphere of where you are.

Whenever we experience a personal genuine spiritual revival or refreshing, it changes us inside and causes us to affect those we come in contact with. Likewise, anytime spiritual rains fall upon a large group of people like a church, it not only affects each of those people in a personal way, but *it also changes the spiritual atmosphere or climate* of the area where they are. Revelation comes easier; people are more open, even hungry for the gospel. There is an awareness of the presence of God, and the level of faith in the people seems to be very high. Healings, signs and wonders become the norm.

Since the Lord gave me the vision of the coming outpouring rains of the Holy Spirit two years ago, and the related message for the Church this last January, He has confirmed it

several times through other men who have prophetic revelation and insight into the plans and purposes of God. Because of this, I have felt the need to start writing to you about this coming outpouring of the Holy Spirit upon the earth and revivals that have taken place in the past, to help prepare us for *The Apostolic Reformation* that is already beginning to manifest, and that will change and transform the church as we know it.

A reformation is not the same as a revival. When revivals have come in the past, they have affected churches. If it is strong enough like the Azusa Pentecostal Revival, it impacts cities and sometimes even whole nations. However, when the Lord sends reformation, *it is an epoch event that shakes the foundations of the church, transforming not only churches but cities, nations, and the whole secular world*.

On the day of the Lord's crucifixion and later on the Day of Pentecost, the earth was shaken, as the Age of the Church started. After that, the next and most well known reformation was the Protestant Reformation started by Martin Luther, when God shook the foundations of the church.

Whenever God sends reformation, it always comes with remarkable and unusual displays of the supernatural power of God. This Apostolic Reformation that is coming, will prepare us for the coming Glorious Kingdom of God upon the earth. It will bring about a release of the Kingdom of God upon the nations (even Israel and Islam), presidents and governments thus *preparing the world for an outpouring of the Spirit of God of such mega proportions never seen before*.

Ministry Report

will bless the Lord with all of my soul, and all that is within me bless His holy name.

The Lord reigns! Let the earth rejoice! Let the multitude of islands be glad. I am so thankful to the Lord for all that He has done in my life. I am truly humbled by the way He manifests in our midst, in spite of us. Truly He is a God of love, mercy and grace, and yet righteousness and justice are the foundations of His throne (*Psalms 97:1-2*).

The whole creation continues to groan in travail, as the labor pains are getting closer together and more intense. Earthquakes continue to rock the world. The U.S. Geological Service reports that there are more than 450 *significant earthquakes (those over 4.0 in magnitude)* every thirty days in various parts of the world. This is up from around 350 per month just a year ago. A large number of volcanoes in many different parts of the world continue to spew forth toxic smoke and ash causing mass evacuations. Glaciers are melting so rapidly that century old trees that have grown in Alaska's permafrost are toppling over, causing the Eskimos to nickname them: *the drunken trees*.

Asteroids and comets are exploding without explanation while the sun has gone from yellow to white and is behaving strangely. North Korea is testing and launching missiles, threatening to attack this country, while the other madman in Iran President Mahmoud Ahmadinejad vows to wipe Israel off the map. The reports across my desk are so numerous that we are not able to mention them all in this report. We are in the end-times folks.

However, the good news is that the Lord is continuing to move all over the world. In our meetings we have been having powerful visitations of the Lord as well. In April we were in Albany, Georgia in a leadership meeting and service and the Lord moved mightily, causing many of those there to stand up and share incredible testimonies of the saving and keeping power of God.

In April we also went to Ohio to be with two other churches that we are connected with and did

a seminar on Intercessory Prayer. In both churches the Lord moved mightily, confirming the message with signs and wonders. In one of them the spirit of intercession came upon many of the people and they started to travail in the spirit, and then suddenly turned to holy laughter. Many things are starting to happen in Cincinnati.

In May we went to CT. and ministered there in Granby and Seymour. We did a leadership seminar in Granby on Saturday, and the Holy Spirit moved mightily on Sunday service healing and touching many people. The Lord is doing a great work there, in part due to the leadership of the Royals. I believe the Lord has connected us to this ministry, and we will be working more closely together in the near future. We thank the Lord for all the churches in that difficult area that has some very old, but deep spiritual wells that once flowed with living waters. In the month of May we also traveled to Melbourne, Florida to minister in Lighthouse Church on Sunday, and God's Spirit met us there in a marvelous way.

In June we went to minister in Inglis, Florida and we had a powerful move of God in both Sunday services. Many received a word from the Lord as they were notably shaken. Several were healed miraculously and others just blessed. That house is getting ready to go to the next level. We also went to Nokomis to be with Living Waters, another church that we are very closely connected with. We conducted two seminars on Friday and on Saturday morning as many received revelation, instruction and impartation during this time. On Sunday we had a visitation from the Lord as many repented of their sins, confessing them before the whole congregation. It was a time of great healing and restoration for this house.

We are planning to go to Houston, Texas in September to minister in several churches as well as to attend the Global Conference there. Please keep us in your prayers as we endeavor to obey God's will. God bless you my friends. Shalom!
