“THE DOUBLE PORTION OUTPOURING (PART IV)”

We are indeed living in the days spoken of by the prophet Joel, days that will bring a tremendous outpouring of the Spirit of God upon the human race. I am concerned and at the same time excited at what is about to happen in the world. *I am concerned because God's people are not prepared for what is coming;* the terrible things that are soon to come upon this world, as well as the incredible double portion outpouring that is about to take place. I am excited because *what the Lord has shown me that is about to take place, is unbelievable.*

Most people will miss out because they were not willing to change and embrace the new. Change causes fear and apprehension in people because people like to be in control of their lives and situations. Due to fear and apprehension, most will settle for the mediocre because they are not willing to let go of the old and embrace the new that God is bringing about. This can only be done by trusting and obeying God.

Change necessitates flexibility and the ability to adapt to new things and situations. Change will not come without some pains, and the desire to embrace the new. A new day of reckoning is at hand and God's people need to wake up and do the things that they know they need to do.

Many of God's people are asleep in men's traditions and busy in doing meaningless and sinful stuff. We need to remember where the Lord has brought us from, not to live after our own concupiscence, but to serve Him in Spirit and in Truth. People in this world have become selfish and very hardhearted. They need to wake up before it is too late.

Those that are walking in the spirit will listen

and obey the voice of the Lord coming through His choice vessels. God cannot use those that are bent on doing their own will, and doing it their own way. Many who in the past forsook the Well of Living Waters and dug for themselves broken cisterns that cannot hold water, will be released into their talents, giftings and anointings to fulfill the great commission in these last days.

The Lord is about to unleash a great hunger for Him in people that have been going through the motions like the walking dead, and bring them to a place of fruition and a new anointing. This is going to be accomplished by an infusion of the power of the Holy Spirit.

A vision was shown to me recently where I was standing on a platform and *I saw an approaching cloud of Glory from the west.* It looked like an army of chariots and horsemen engulfed in a brilliant cloud of glory. As it was getting closer there were thousands of people in the valley of decision below me. I told the people to get ready to receive what was about to engulf them like a wave. Many of them started to lift their arms and call upon the Lord as the glory cloud approached them.

My heart is burdened when I see many of the present leaders in the Church still trying to do things in the flesh, the way of the world. They continue to bring in big name speakers to draw crowds, same old messages with the same old results. They still do not get it. *The Saul type ministry cannot usher in what God wants to bring into our midst.* It is going to take a David type ministry with a fresh anointing and mandate to do it. It is imperative that we obey the Lord and do that which he desires to do.

Ministry Report

These things I have spoken unto you, that in me you might have peace. In the world you shall have tribulation: but be of good cheer; I have overcome the world. John 16:33

What a wonderful promise to the Bride of the Lamb, to those who have been called and chosen to faithfully follow and serve Him on this earth. The Bible says that while we are here on this earth we are going to face many afflictions but we also have the assurance that God will deliver us out of them all (***Psalms 34:19***).

Although this has always been true of the Lord's saints on this earth, right now we seem to be entering a time of trials and upheaval in this nation as never before. There are many of God's servants out there who are presently hurting and going through a time of severe testing and tribulation. In my twenty five years of ministry I have never seen anything like it. It seems as if spiritual attacks on Christian leaders have been ramped up, and the intensity level of spiritual warfare has gone up a few notches.

For the past two years I have been sharing with churches the need to raise-up intercessors and intercessory prayer teams in the local church to prepare for this. Many of the spiritual leaders have listened and we have done our part to help raise-up and train intercessors in their churches. Many others unfortunately have not.

There seems to be a mindset in many of the Pastors and spiritual leaders that everything is as always has been, and they will continue to do things and make decisions in the flesh without consulting the Holy Spirit. They do not realize how costly this could be for them and the local church the Lord has placed them over to govern.

Regarding our spring report, the Lord allowed us to go to Ohio in April and be with our friend Michael Berner and his family. The presence of God was with us in the services and we enjoyed some good fellowship. We also were with our dear friends the Bishops for a service, and as always God met us there in a very special way. We had a chance to be in The Gathering on Friday with our precious friends Wayne and Lois, and we had a special move of the Holy Spirit on the people there. Afterwards we went to be with my buddy Billy Price on Sunday morning and we

had quite a move of the Holy Spirit. That service was a bilingual service with a nice group of Spanish people in attendance.

In the month of May we ministered in the Church of God in Branford with our friend Dale Dansby and ministered to the people there. The Lord always seems to show up in those Sunday morning services. Then we flew to the beautiful State of Connecticut to be in service with our dear friends Alfred and Akiba Watts. We had great services where many people were healed and set free as well as those who came forth to receive ministry and impartation. We also conducted an intercessory prayer seminar that was very well received by the hungry group that was in attendance.

Afterward we went to be with our wonderful friends Al and Christine Royal. We ministered to the intercessors and the young people on Friday, and had a good number of people in attendance. The young people received a good dunking by the Holy Spirit. On Saturday we met with the leaders the Church for four hours pouring into them and ministering unto them. Then on Sunday morning we had a wonderful service where the Lord was with us and many people were touched and healed by the Lord, while others received a refreshing word from on high. Afterwards we met with the shepherds and had a beautiful time of fellowship.

Finally in June we went to be in one service with our friends Dick and Sue Howett and we ministered to the people there a word of faith and encouragement. Then we went to be with our old time friend Ross Drysdale. We were in both Sunday services and had drag down, blow out Holy Ghost Services. Many received miracles and some received the baptism of the Holy Spirit. That house is in great need of a new temple to accommodate all the people that are coming to the services.

Well dear friends, as the world continues to convulse with earthquakes, volcanoes, wild fires, heat waves and local flooding let us stay close to the Lord. We are approaching a most difficult time, as well as a glorious time for the church. Let us work together in unity and love as we strive to prepare the saints for ministry and together reap the end-time harvest.
