## “THE DOUBLE PORTION OUTPOURING-(PART II)

**W**e stated in our last newsletter that we were going to start writing about the coming spiritual rains upon the earth as well as past revivals that have taken place in years past, to help prepare us for the coming Apostolic Reformation that is already starting to manifest, which will change and transform the church as we know it. In this edition we will share some interesting things from the Azusa Street Revival, perhaps the greatest spiritual revival ever since the apostolic times.

*The revival started the way every revival should start, with tears of repentance.* It has been said that the greatest single hindrance and obstacle to revival on the earth is hardness of heart and spirit, which has spiritual roots of rebellion against God, and is manifested through the vehicle of human self will. The whole chapter three of the Book of Hebrews deals with the subject of hardness of heart. *The Azusa revival began in tears and flourished in tears, but when the tears ended, the revival ended.*

All of the great anointed preachers, impressive choirs, massive beautiful buildings and best church programs combined cannot bring about *a divinely inspired revival; alas, it can only be birthed through tears shed by those who through denial and selfless abnegation humbled themselves in intercessory prayer until tears of repentance and contrition flowed, afterwards changing to tears of joy and the glory of the Lord.*

It has been said the William Seymour many times sat beside his apple cart pulpit with his head

resting against its side, weeping with his only good eye. When he was finished, he would lay his bible on the apple cart pulpit and fell on his knees without a word. As he started his supplications and prayers, the congregation did the same.

After some time, a wave of the Holy Spirit laughter would sweep over the people. It was a sign that heaven had heard their prayers, as well as healed their wounds and bodies. After the tears and holy laughter subsided, the people would brake out in heavenly choruses. The Holy Spirit does not only inspire people to speak in tongues and prophesy, but also causes people to sing heavenly songs as evidenced in the Azusa Street Revival.

*The coming outpouring of the Holy Spirit will be birthed by a company of spirit filled intercessors* who have been marked for this from the foundation of the world. *These people exist in every church in America and overseas,* waiting only to be discovered, activated and released into their divine calling and ministry. *The Lord will use these vessels to break and birth, so that the will of God may be manifested on the earth.*

They will cry for those who cannot cry for themselves, and groan, weep and travail to see the purpose of God fulfilled on the earth. This group will learn to enter the chambers of God where visions are bestowed. The Lord has given me the commission to identify, train, equip and release these vessels into their calling and destiny in the churches of this nation and abroad.

## *Ministry Report*

**B**lessed be the name of my God who leads me with open face beholding as in a glass the glory of the Lord, being changed into the same image from glory to glory, even as by the Spirit of the Lord. *2 Corinthians 3:18*

I am so glad to be able to once again communicate with you. I trust that everyone has had a good and fruitful summer. It seems that this year is going so fast, with not enough time to do all that we need to do. As the world continues to teeter on the brink of a nuclear holocaust, the number of bad news is so massive that I have second thoughts about turning on the TV to hear any more news.

The Lord continues to move in a sovereign way in all our meetings and throughout the entire world. In the month of July we ministered in a youth camp in Madison, Florida and as is the case every time we experienced a beautiful visitation from the Lord on the young people there. We ministered some in music, word and personal ministry. Some received a touch in their bodies, and many received a touch of God in their personal lives. Everyone had a great time in the Lord. Mick and Jenny Starling are doing a great job there with the youth.

In August we traveled once again to be with our dear friend Pastor Betty Jackson, and ministered in the power of the Holy Spirit, as well as in a day seminar for the leaders of that house. We had an outpouring of the Holy Ghost on Sunday morning service as many people received the baptism of the spirit for the first time. In the same month we also went to be with our dear Bro. Billy in Cincinnati, where the Lord continues to do a mighty work there. God confirmed the message on Sunday. We are strongly connected to this ministry as the Lord has given Billy a great vision to reach the inner city and the Hispanic community.

We also were with Paul & Paula Bishop in Lancaster, and shared a word of the Lord for that house. The spirit of intercession came upon many in the congregation, and many other words were shared by the leadership. Something is starting to

stir there. Finally on the same month I went to be with our close friends Wayne and Lois near Cincinnati, and was pleased to hear all the good news of stuff that is happening there. God is using them greatly to do a work in Africa, as well as in this nation with the first nation peoples.

Finally in September, we went to Houston, Texas to be at the Global Conference. I was very pleased with what went on in the conference. There was an emphasis on The Apostolic Church, as it seems they are committed to go forth in that direction. All the messages were good and very timely for the seasons we are in right now. I saw many of my old friends, and met new ones.

While there we also spent some time with our friends Phillip and Maribel Morris. We had a wonderful service with the Lord confirming the message. That ministry seems poised for a great breakthrough next year. We also had the opportunity to be with our dear friends Joe and Shirley Kears in Huffman, and ministered in their house on Saturday and Sunday. They are doing a great work there. On Saturday the seminar was well attended, and the people were very hungry. The Lord had a word for that house and He confirmed it. We are returning on December to do a seminar on Intercessory Prayer.

Finally, we were with our old friends Daniel and Debbie Peters. We did a five day Conference on The Apostolic Reformation. There was a strong apostolic and prophetic anointing during all the meetings. I like what I felt during this trip. They are growing, and I believe that the time has come for that house to experience growth numerically and spiritually. Many signs, wonders and miracles took place during the services, as the Lord healed, saved and filled with the Spirit many who were there. On Sunday they had water baptism, and several people were baptized.

Well my friends, thank you for all your prayers and help that you have given us through the years. May God continue to bless you.
