## "HIGHWAY TO HEAVEN (PART XIII)"

We are going to pick up where we left off last time talking about the need to look ahead and see the big picture and not just where we are right now, thus avoiding possible delays and problems down the road. We need to be discerning as never before and not foolish concerning the wiles of the devil. *There seems to be at the present time a great increase and intensification in the attacks by the powers of darkness against the servants of the Lord*, the godly army of leaders that He has raised up for the last great ingathering of souls that is just starting and will continue to increase exponentially in the years ahead. These elements are trying to hinder and stop at any cost what the Lord is doing to bring revival to this nation. It behooves us to give heed to this word and not loose focus, for the enemy will try to smother us with so many problems and distractions to cause us to loose sight of Him, and His will for our lives. This may happen if *we become so busy trying to put out fires, and solving problems that we neglect our time alone with God* and the reading of His word, as we slowly start to dry up spiritually.

The biggest enemy of the true bride of Christ in this last day is going to be the religious. Some of the traits that characterize the people influenced by this legalistic spirit are pride, fear, unbelief, control, intimidation and manipulation. They hide themselves under a disguise of godliness, while inside their hearts they harbor resentment, jealousy and hatred. They defend their stand by pretending to be holy and righteous, and desire only what is good and right. They pretend to want to help the people in the church, but what they really want is to help themselves to more money, more power and ultimately more control. They secretly desire what men of God

have, but their pride and arrogance do not allow them to humble themselves to receive from them the only way possible: Through a covenant relationship based on love, submission, respect and sincerity. This spirit will try to accuse and criticize the true servants of God, and try to tarnish their good name and reputation with lies, deceit and manipulation. Without realizing it, *the end result they seek is to destroy the baby before he is born (Revelation 12), the mighty warriors that will make the powers of darkness tremble, turning the world upside down as The Harvest of souls takes place.*

These are the *Moses and Elijah Company* (Apostles and Prophets) that the Bible prophesied would appear on the earth prior to His return during the *Coming Storm*. By contrast, *these golden vessels will carry upon them the true anointing, power and authority of God. They will display incredible godly wisdom (their shield) and deep humility (their strength). These golden vessels will bear the rod of government with power and compassion, and will be loved by those who love righteousness and truth, but feared, dreaded and hated by the religious and despised by those who hate righteousness. Their weapons will be supernatural in nature to bring down the High Places. They will purge sin from Zion and cause the fear of the Lord to come upon the people, while at the same time carry the oil of healing to restore the Body of Christ back to health. Their message will bring forth salvation, separation, healing, unity and judgment. During The Great Shaking these vessels will bring clarity, peace and guidance to multitudes of people, as the world is engulfed by fear, confusion, and chaos. Amos 3:4-8, Malachi 4:1-6, Joel 2:28-32*

## MINISTRY REPORT

God will praise the Lord with all my soul; His praises shall continually be in my mouth.

Merry Christmas! As I am writing this newsletter and looking out the window, it is Christmas day, cold and rainy. We are going to be sharing with you what has been going on the last three months in our ministry.

First I would like to say that I do not understand all that is going on at the present time, but there are tremendous changes taking place in this country and all over the world, individually and in many churches that have decided to allow the Lord to have his way. *Change is never easy.* People resist change because the old is more comfortable, and fear of the unknown causes them to be doubtful and even cynical at times. Therefore, most people prefer to hold on to the tried and tested methods that have been passed on to them by others and has given them results in past times. But the Lord is now doing a new thing on the Earth.

In October we had the honor of ordaining and installing several ministers and deacons in a Church in Albany, GA. Pastor Betty Jackson is doing a great job there, as God has raised her up with a fresh vision for that house and community. The Lord is raising up many a mighty woman of God in these last days. This is going to ruffle some religious feathers, but the Lord will have His way. And that is not all, *I prophesy that some of the most powerful ministries God is about to raise up will be young people, some even ten, eleven and twelve years old.* Several years ago the Lord showed me this and other things, and I believe we are on the threshold of many of these things coming to pass.

In that same month, I was also honored to marry one of the leaders of the Spanish ministry the Lord is raising up in City On A Hill, in Cincinnati, Ohio under the dynamic leadership of Pastor Billy Price. It was a simple but beautiful

wedding as the bride and bridegroom and all that were present rejoiced. On that same month, we were asked to minister in the morning service during a Pastor's Appreciation Day in a church in Homosassa, Florida pastored by our dear friends Marcus and Sandra Rooks. Later that afternoon we went to a banquet for that occasion and ate a delicious meal as the people showed their appreciation to Pastor and Sister Rooks, as well as Pastor Emeritus Bro. and Sis. Todd.

We closed the year by going back in December to the city of Cincinnati, Ohio. We ministered on Sunday morning at the Book of Acts Tabernacle under the strong leadership of my friend Pastor Wayne Pace. Many people were ministered to as the pastor had mentioned to me that there were many people that needed both physical and emotional healing. Many of those that came up for prayer received something from God. Some people received healing, some a touch from God, while others received a word from the Lord. Afterwards we held a pastors and leaders seminar in City on a Hill, as the Spanish Constituency came to learn about the principles of the Kingdom of God. There was a tremendous hunger and desire to learn in many of these precious people. We also were in service with them in two services as the glory of God manifested and the people rejoiced and danced before the Lord. There was a prophetic message given during the service, which edified the whole body, including myself.

By the Grace of God, we will be going to the country of Honduras in January. I ask you for your prayers for protection during the trip, and also while we are there that the Lord would give me wisdom and revelation to share with them what He desires. Thank you for all your prayers my friends. I wish you all a happy Christmas, and a blessed new year with your loved ones.
