NEWSLETTER

October/December

"DO YOU KNOW WHAT TIME IT IS?" (SPECIAL EDITION)

Today on Christmas Eve, everyone is caught up with the spirit of the season, while many are busy with last minute shopping. I enjoy Christmas as much as anybody, but as I sit down to write this newsletter *I feel a heavy burden on my heart*. It is not that I or my family is sick, or that I am facing a serious problem; that is not the reason for my burden. This is much deeper, let me explain...

A couple of weeks ago, I was getting ready to turn off the TV and retire for the night. As I was about to turn off the television, *I heard this voice coming out of the speaker that said: "Do you know what time it is? It is 12:20 AM"* As I turned off the set, I looked at the clock and it was turning to 12:20 AM. I knew I had just heard from the Lord. After I heard the voice, I was directed to look up a specific scripture related to the time I had heard, and *what I read sent chills down my spine*.

You see, *God can speak to you* not only through a prophet, dreams and visions, a preached sermon, the reading of the Word, but also *through any vehicle that He so chooses*. He has spoken to His servants in many different ways throughout the Bible. He spoke to Moses through a burning bush; to David through the Mulberry trees; to Balaam through a donkey, etc. He has personally spoken to me throughout my life in many different ways besides the ones mentioned above. He has spoken to me through children, unsaved people, animals, clocks, the radio and now through the TV. God is speaking all the time; we just are not sensitive

enough to discern those signs and listen to what He is trying to tell us.

In Mathew 16:1-3 the Pharisees and Sadducees came to Jesus asking for a sign from heaven, and He basically told them that they were unable to discern the signs of the times (kairos). There is really no English equivalent for *kairos* which means: *"The appropriate time in which certain foreordained events are about take place."* I believe there are certain pre-ordained events about to take place upon the whole world, but especially in this country. Whenever a kairos takes place, it is time of great opportunity for good or evil, blessing or judgment depending on what we do.

At the beginning of this year, the Lord gave me a word for the Church (see the first 2006 issue of this Newsletter in our website). I believe this coming year we are going to begin seeing many of the things that I mentioned come to pass. Many intercessors (me included) have been praying to God for more time to reach the lost, and to finish the work that He wants to do in this nation and overseas. But it seems that *a shift has taken place in Heaven and on the earth; time has run out*.

God is seeing everything that is happening and taking notes. My heart is very troubled and burdened exceedingly for this nation and Israel for 2007 and beyond. Please, stop playing games with God. Pray for this nation and for the land of Israel as you have never prayed before. Enjoy this Christmas with your family. Shalom.

Ministry Report

The people who sat in darkness saw a great light; and to them who sat in the region and shadow of death, light is sprung up. *Matthew 4:16.* What a blessing, the birth of Jesus Christ! Light has come to a darkened world, and has set men free! It is time to become a kinder people, a more gentle and peculiar people who treat others differently than the rest of the world, without hidden agendas and selfish motives. Oh, that we would make Jesus Christ our example in this Christmas Holiday Season, and become so full of Him that others would want to be in our presence.

As the coming of the Lord draws nearer, the deep groaning convulsions in the earth seem to be intensifying in strange weather phenomena like the hurricane force (120 mph) storm winds in Seattle, WA; snow flakes falling and several tornadoes hitting central Florida within a month of each other; Ice shelves continue to break off and fall into the sea due to global warming; 6.0-7.0 earthquakes happening all over the world and volcanoes continue acting up threatening to erupt.

On November 27 an article was published on the Gazette (www.gazettextra.com) reporting the death of white buffalo by a lightning strike. White buffaloes are extremely rare and fulfill a Native American legend foretelling peace. This may be a sign from heaven indicating the danger of war taking peace from the earth in the very near future.

On a more positive note, the first part of the last quarter of this year was very busy for this ministry as the Lord continues to move in a sovereign way in all our meetings. In October we traveled to Caldwell, Idaho to be with our dear friends from Valley Pentecostal. We ministered there and conducted a couple of seminars on the topics of Deliverance and Intercessory Prayer. It was well attended and the people were very hungry and eager to receive training and impartation. Many of them were there for all the sessions. During the services the Holy Ghost moved upon the people with conviction as many came to the altar

repenting and surrendering their lives to Jesus. Many were filled with the Spirit and others came forward and received healing and miracles they needed. Many good things are about to start happening in that house.

We also went to minister at Nueva Jerusalem, a Spanish Church in Caldwell and had a great service. They have a good group of believers and seem to be growing. Afterwards we went to be with Abundant Life Fellowship in Emmet. The Lord visited there in a tremendous way, healing and touching several of the people.

Afterwards we went to Rupert to be with Grace Community Church on Sunday morning. We ministered some in music, word and personal ministry. Some received a touch in their bodies, and many received a touch of God in their personal lives. The children loved the Prophetic Rap Music as we did a couple of songs. We then traveled to Idaho Falls to be with Cornerstone Pentecostal for the Sunday evening service and Monday night service. The Spirit of the Lord came upon that house mightily with many being touched and healed. We had not been with them in a while, but something is happening there.

In the month of November we went to Milton, Pennsylvania to be with our friends in Revival Tabernacle for their anniversary. We ministered in three services and the Lord did some of the best stuff we have ever seen in that house. The presence of the Lord was present to heal and set people free from various diseases and ailments. The prophetic anointing was so strong on Sunday morning we stayed until almost 2 pm ministering to the people. That house is ready to burst at the seams. They should complete the new temple by the middle of the year, and they are going to need every bit of it to accommodate the harvest of souls about to come into the Kingdom.

Have a wonderful new year 2007, and continue to pray for us. We want to be in God's perfect will this coming year. Shalom!
